Ackermann Effect

Explaining the “Ackermann Effect” in the 2014 Corvette Stingray

If you take the all-new Stingray for a drive, you may notice something before you even leave the parking lot. This little something may seem like a defect, but it's not.

It's called the “Ackermann Effect”, and although the issue was resolved 200 years ago, Chevy left it alone on the Corvette.

The reason? It's the same reason the Corvette has a 50/50 weight distribution and electric power steering: performance.

Explaining the Ackermann Effect:

Without getting into too much geometry and mathematics, the Ackermann Effect is a skipping or lurching of the wheels when the vehicle is turning sharply. The effect is created by the inside and outside wheels traveling at different speeds and distances.

Essentially the outside wheels are traveling further, creating a skipping or jumping effect.

A system, which was patented by Rudolph Ackermann in the 1818, turned the wheels at different angles and created a smooth turn for four-wheeled wagons.

Most cars use a system to mitigate the Ackermann Effect, the Corvette Stingray, however, goes without.

CCCC BREAKS JACKSON CC WIN STREAK

by Bob Pyle

April 30th, 2017 a dreary Sunday afternoon, was the annual bowling challenge between your own Capital City Corvette Club and from down south, the Jackson Corvette Club. Unlike last year, the CCCC came out on top with the series high of 496 being rolled by our own Bill Haggerty with a game high of 210 in game three, including four strikes, three which made a Turkey. Another Turkey was rolled by Kim Keith of the CCCC also in game three with a score of 153. A total of 68 strikes were made with candy bars being handed out to each bowler who bowled a strike by Afton Pyle with support by Christine Wieczorek who ate all of the bars the bowlers did not accept. Chris has to be credited with the camaraderie that took place. She came up with the idea of mixing up bowlers from both clubs at each lane. This is best illustrated by Sandy Stone, lane 18 from Jackson who threatened to deck our Sergeant at Arms, lane 20 for laughing at her bowling technique and cackled like a witch from the Wizard of Oz. She stated the reason she laughed at him was "because he was so straight faced" She was the youngest bowler there and bowled 217 for two games.

The high score of 474 from the Jackson club was rolled by Colleen Philips. She rolled the high score in the first game of 155 and stated it made her feel good to out bowl Steve from Jackson because he does not like being beat. Steve stated he is happy if he beats Simon.

Karen Drews from Jackson had the most exciting event of the day, she fell on her keister on Lane 19 and bowled a strike the next frame. She was not hurt, only her feelings were hurt.

We all thank Bob Maynard from the Lansing club for proving appetizers before the games.

Jerry Wardell, President of the CCCC stated he really enjoyed hosting the Jackson Club. He said this was the 17th meeting of the two clubs.

Jackie Strung, the President of the Jackson Club said the bowling was very enjoyable and she liked the mixing up of the bowlers so they could get to know each other.

Not all bowlers bowled three games. Some bowled two and a couple only bowled one.

Thirty-three bowlers took part with 14 coming from Jackson. There were spectators from both clubs. Both clubs stayed for dinner following the match. There were no birthday cakes this year. We are all looking forward to next year's event.

Fun was had by all and everything was done in good taste.

PROPOSED BYLAW CHANGES

The following are the proposed By Law changes for the CCCC as approved by the Board of Directors on May 17, 2017 to be approved by the membership at the June meeting.

If the CCCC Bylaws are in conflict with the NCCC Bylaws, then the NCCC Bylaws will take precedent.

Article I Section B-5: Change the spelling of good will to "goodwill".

Article II Section B: remove the dollar amounts and change the section with "All dues for the following calendar year will be determined by the Board of Directors at their September meeting and will be published in the October newsletter. If not published, the dues shall remain the same as the current year. Dues for a Spouse/Companion Member who is a NCCC member of another club shall be determined by the Board. If published, the change in dues will be voted on by the general membership at the October meeting.

Article V Section A-1:

Add; The President is authorized to sign checks or designate another Officer of the Board to do so in the absence of the Treasurer.

Article V Section A-5. Eliminate the names Secretary and President. Replace it with the "The

Treasurer shall update the signature card each time there is a change in either the Treasurer, President or other officer whose name appears on the signature card and files it with the financial institution which maintains the CCCC checking account.

Eliminate in a format auditable by the IRS.

The Treasurer shall file all Federal, State, and City Tax Returns every year as required by law along with any other forms that are required by law.

The books are subject to review if requested by the Board of Directors for an Audit Committee composed of at least three members, one of which is a past treasurer and all should have accounting or bookkeeping experience.

Section B-4: Change "they" to "The Webmaster shall"

Article XII Section A, Standing Rules: The minimum number of club members participating in a club social event for the event to be a "pointed" event within the Club's social point program shall be 10. The Points Director can determine on a case-by-case basis if leadership points may be awarded when fewer than 10 members participate in the event. In order for an event to be an official club activity, the event must be published in an email flyer or in the newsletter 10 days prior to the event.

NATIONAL CORVETTE CONVENTION INFO

We are excited to have the 2017 NCCC Convention in Bowling Green, Kentucky, August 21 through August 25, 2017. If you have not had the opportunity to visit the Bowling Green area you are in for a treat. We have the National Corvette Museum for you to visit and enjoy along with the new Motorsport Park for our speed events. We will have the Competitors Award Dinner, the National Awards Dinner, the Convention Awards Breakfast, parties, entertainment and all the competitive events you have come to enjoy at Convention.

We will also have several bus tours that will include Mammoth Cave, Bourbon Country, Barbara Mandrell's home, Fontanel, Gibson Guitar, a tour of historic Glendale, with antique malls and the historic Whistle Stop restaurant, a tour of Nashville on the "Country Music Jamboree" and as an added bonus a total eclipse of the sun on the 21st of August.

Our host hotel is the Holiday Inn and Sloan Convention Center with additional rooms available at both the Marriott Courtyard and Hilton Garden Inn which are both located across the street from the Holiday. Parking for trailers is available in the lots at either end of the Holiday Inn and Sloan Convention Center.

We are working to have Convention registration available on line on the National Council of Corvette Clubs web site, <http://corvettesnccc.org/Convention2017.html>. Registration is planned to open on January 2, 2017. This year you will have to register for your hotel rooms separately and that information will be available with the Convention registration form. Also if you are planning to tour the Corvette assembly plant, they will not be available this year at Convention. The Corvette Plant no longer handles plant tours, this is all scheduled and led by the Museum staff.
