MEETING NOTICE

The August General Membership Meeting will be held Wednesday, August 7, at 7:00 p.m. at Richard's Food and Drink (4105 North East Street, Lansing) **DINNER ORDERED AT 7:15**

From the president . . .

Loretta Spinrad

It is hard to believe that August is almost here, where has the summer gone?

July was somewhat quiet on the competition front because of convention, so we filled our calendar with plenty of social events.

Phil and Angie were responsible for our Annual Miniature Golf Outing in July and they did a fine job as usual. The weather was great, the turnout was good, but the mosquitoes were awful! All in all I think everyone had a good time.

I would like to thank the members that were able to participate in the parades in Mason and Potterville. These types of events are always good ways to promote the Chevrolet Corvette and our Club.

If you haven't heard, Steve and I had close to a disaster with our 1969 Convertible. Most of you have not seen this car, as Steve and Max Taylor have been working on the restoration for over a year now. (Max did a wonderful job on the paint)

Most of you are familiar with our hectic schedule. We are always rushing to be on time with everything we do and everywhere we go.

The weekend before the parade, Steve decided that we should drive the '69 in the parade. This meant all of the last minute detail stuff had to be done within 4 days. When I say last minute details, I mean seats, carpets, emblems, hood latches, tires, brakes, door panels - just a few minor details.

At 5:00 p.m. Thursday (the day of the parade) the car was ready to go, we weren't, the but car was or at least we thought.

This car isn't just any 1969 Corvette, this was a well equipment race car in former years. What does this mean now? The car really moves!! And it is fun!

Now we are ready for the parade. We have our club shirts and hats, a nice looking convertible (that just happens to be fun to drive), and great weather, what more could we ask for? Right?

Putting all this together and me at the wheel, you probably wouldn't expect this would be a typical Sunday drive. The car hadn't been driven in years, so it was only natural to warm it up a bit, or so it seemed at the time. What I didn't know was the lug nuts hadn't been tighten, at least not to the degree necessary for my driving.

And when did we find out there was a problem? The first turn of the parade. One of the spectators ran up to the left side of the car with these nice shining chrome parts in his hand that cause a look of panic on my face that you would not believe. Another man came up to Steve's side of the car with another. Needless to say this was not good.

We made it through the parade with Steve jumping out at every other corner trying to tighten them by hand.

So if any of you think parades are boring, think again!

As a reminder, our August meeting will be at Richard's at the standard time. Phil Zeller will be showing the video he took during our events at Spartan Speedway in June.

We will once again be hosting events in August at Spartan with the Jackson and Huron Valley Corvette Clubs. If you are not familiar with the track this will give you an opportunity for an advance look.

I would also like to remind you of the trip to Mackinaw City on August 23rd. For anyone interested in traveling with the caravan, we will be leaving from the Meijers parking lot (Lake Lansing Rd) at 12:00 noon on Friday the 23rd. We will be stopping in Houghton Lake for lunch, giving us plenty of time to reach Mackinaw for the parade at 7:00 p.m. If you have any questions, please contact me.

I look forward to seeing you at our August Meeting.

Competition update . . .

August 1996

Loretta Spinrad, Region Competition Director

With the National Convention behind us, the competition season will once again heat up. There always seems to be renewed interest in competition after the convention as people strive to be one of the top 10 or 12 in their region or nation.

The Michigan Region will be doing our part in the contest for points by offering a number of events for the remainder the season.

This last weekend Corvette Coventry and MAG sponsored 14 events in Benton Harbor with a party at the Thomas's home afterward.

Next weekend (August 3 and 4) will find us at the Owosso Speedway. The Shiawassee Club will host 7 events on the oval track.

If you enjoy track racing, this will be an event you will not want to miss as it is pretty open and fast.

Once again there will be a potluck at the Leone's on Saturday evening.

August 10 and 11 will bring more track racing as the Flint Club will host 6 events at the Auto City Raceway north of Flint. This is actually two tracks in one. A small oval that opens into a larger oval, presently the driver with a bigger challenge. Saturday night usually brings a Corn Roast at the Janos's home just north of the track.

August 17 and 18 will bring us back to the Spartan Speedway in Mason where the Huron Valley, Jackson,

and Capital City Clubs will host another 6 fun filled events on the figure eight track.

As usual we will have a picnic at the track Saturday night after the events and overnight camping will be allowed at the track.

Then the Michigan Clubs will take a break from the hectic competition season for a relaxing weekend in Mackinaw City, August 23-25.

Competition updates:

Non-Corvette participants. If you allow non-Corvettes to participate in your events they should follow the same minimal safety guidelines as Corvettes for the classes they are competing in. For example Group I requires Seat Belts and a extinguisher for high speed, non-Corvettes should also comply with these rules. Group III cars are required to have roll bars and for high speed, fire suites, the non-Corvettes should be required to have the same. Bruce Wentzel asked for this clarification which I believe is a very good question. Our rules were designed for the governance of our events and the Corvettes are classed accordingly. Non-Corvettes that are competing in events sponsored by our clubs or covered by our insurance should be required to follow the same rules when appropriate.

Convention recap:

Congratulations to Elana Siebel. She was the recipient of the Roger Clancy Humanitarian Award

for her work and dedication to the National Charity Committee.

Bill Siebel was my proxy for the RCD meeting in Florida and Bill has the following to report:

Rule Book Page 2-17

2.7.1.19

Delete: **Radial construction** in the first sentence of (1)

The question of whether Mickey Thompson tires are legal for Group I was tabled until the September meeting.

Is Hoosier brand Passenger radial a Group I Tire? - NO

Is BFG Comp TA Drag Radial a Group I Tire? Yes

On behalf of the Michigan Region, I would like to send sincere condolences to Valerie and Roger Thomas on the passing of Valerie's father on Thursday, July 19, 1996.

Valerie's father had been ill for some time, we hope he will now have the opportunity to rest in peace.
