VOLUME XXVIII- NUMBER 1 - JANUARY 1998

Dear Members:

It's once again time to plan the upcoming year's events. Many activities are already in the works, with other possibilities arising as members bring their suggestions to the General Membership Meetings. The January General Membership Meeting will find our club particularly busy as we make plans for hosting the Region Banquet in March. Please come with ideals and a willing spirit to volunteer for one of the many tasks associated with the Region Banquet.

Speaking of Banquets, the CCCC Annual Awards Banquet will be held at Signatures American Grill on Saturday, January 24th. This is a time to recall the past year's events and enjoy a fine meal. Have you ever noticed how I particularly push the activities where there is food involved? Please see Phil Zeller or the enclosed flyer for further details.

Elaine and Dennis O'Hara have written the first in a series of articles they plan to do on the history of the Corvette. I hope you enjoy this first article as much as I did and don't be surprised to see some of this information pop up someplace else in the coming year.

The new slate of officers for 1998 can be found in the right-hand column. Thanks to all members who participated and helped in club activities in 1997. The board looks forward to serving you in the new year and knows its job is made easier by all the CCCC members who pitch in and help to make the events as much fun as they are and run smoothly.

Finally, if you would like your article printed in the February Newsletter, the deadline is Tuesday, January 27th. Please address your articles to Christine Krisztian, 4600 Oakwood Drive, Okemos, Michigan 48864 or call 517/347-6701 to make other arrangements to drop off your article.

January 1998

Loretta Spinrad

Happy New Year! It seems like only yesterday that we were planning for 1997, now 1998 is just around the corner.

You will be happy to know that we are planning a very busy and eventful calendar for 1998. Some of the activities on our agenda will be trips to Chicago, Greenfield Village, and other unknown destinations. Car shows at Mackinaw City and Charlton Park. Parades throughout the summer, and our competition events this coming summer and fall. If you are not into any of these, or would like some variety, we will be hosting our annual banquet in January, bowling in the spring, the region banquet in March, and our annual golf outing in the fall. In our spare time we will plan plenty of social events to keep you busy and entertained!

As you can see, we are planning a very exciting 1998 and **hope** you will join us for the fun.

I would like to take this opportunity to thank you for your support and cooperation during the past year with the events we hosted. All the **planning** in the world is for naught, without **hard work** and commitment to follow through, and everyone has been great!

If you think we **will still have** idle time on our **hands and would like us** to pursue an activity or event that **I have not mentioned** please let me know.

We will say goodbye to 1997 and welcome **1998** at our New Year's Eve Party at Nancy and Mike Dodson's home. We hope

you will be able to join us for a very relaxing social event.

Our 1998 season will actually begin with our club meeting on the 7th of January when we will be planning the region banquet to be hosted at the Sheraton Hotel on March 21.

Don't forget to put Saturday, January 24 on your calendar. It is the night of our club banquet. Please plan to join us for a night of socializing, dinner, and a walk down memory lane.

If you have items that you would like to donate for raffle prizes or know of someone that may want to donate items for prizes please let us know.

Competition update . . .

December 1997

Michigan Region

Loretta Spinrad, RCD

The competition season is over in the Michigan Region for this year, but we will have our Corvettes out again before you know it.

Before we jump into 1998 and our next competition season, let's take the time to smell the roses and look back over 1997.

I think overall, Mother Nature was pretty good to us this year. Most of our events were held in relatively dry weather. Not only were we able to hold the fall drags for the first time in a very long time, but four new records were set, three going to the Spinrad family.

The clubs in Michigan hosted 55 speed events and 18 rallyes, and I would like to thank you and all the workers for a job well done. Whether a speed event or rallye, there is a lot of work involved, not to mention the cooperation needed by everyone.

I would like to send special recognition to Lauren Biksacky. Lauren is not old enough to be a regular NCCC member, but she is a FOA member. And if Lauren were old enough she would have earned 77 points in the Rallye Championship Trail, not too bad for someone under 16.

Well gang, all good things must come to and end, so as we end our competition season, I am coming to the end of my tenure as your RCD. It is with some regret and sadness that I say goodbye.

When I became the RCD three years ago, I had hoped to make a difference. I believe in NCCC and what the organization means to so many. While I quickly learned you cannot please everyone, I hope that through my newsletters the first two years, support of our region at the national level, and support of our clubs at the region level, I did in fact

make a difference.

Ron Brown, of the Flint Club, will become Michigan's RCD as of January 1, 1998. I hope that you offer Ron the support he will need to get the job done, as I know what a difficult job in can be at times.

Even though I am leaving my position of RCD, I am looking forward to serving you at the national level. If you have not heard, I have been appointed Editor of Blue Bars beginning in February 1998.

Now, on a much lighter note, be sure to put March 21, 1998 on your calendar. We will have a party to remember. The Capital City Corvette Club, will once again be hosting the Region Banquet in Lansing. This is a great opportunity to meet new friends and visit with friends from the past.

We will begin the afternoon with numerous Las Vegas type games of chance (played with plenty of funny money). The evening hours will bring a social hour for relaxing prior to a wonderful dinner and awards presentation. We will then move into an action packed auction of great prizes, and of course plenty of dancing. You will not want to miss this great event. So be sure to put March 21 on your calendar.

As I am wrapping up the paper work for 1997 and helping Ron prepare for next year, I have enclosed our tentative calendar for 1998. In addition, I am putting the finishing touches on our Region Information Guide, so if you have not provided me with a list of your current officers, please do so prior to year end?

Take care and good luck in 1998!

OFFICIAL CORVETTE HISTORY

SUBMITTED BY ELAINE & DENNIS O'HARA
JANUARY, 1998

Well, it's the beginning of a new year and our project for the year is to do a series of articles that will give you an overview of the development and history of our favorite toy...the CORVETTE, America's Sports Car.

We are not going to attempt to give you details that would be important to an NCRS person, such as what coating goes on a specific nut or bolt, and did it change in mid-production run. Our goal will be to give you a sense of history about the development and evolution of the Corvette.

Based on reference material that we have access to, we think we can re-create the events, personalities, decisions and products that helped form the early concepts and production right through to the latest model C-5. Hopefully, as we go through the years and models, you will be able to recall the car, or moment that you said to yourself "I've got to have one of those!" or something similar. Kinda like your first love.

In the beginning there were no Corvettes; the land was populated with European sports cars that became very popular after World War II; such as the Jaguar XK-120, MG T.C. and T.D., Austin Healys, Alfa Romeos to name a few. The only sporty cars America had to offer were the Kurtis-Kraft, Cunningham, or Nash Healy - which were all very costly. The only affordable American car was the Crosley Hot Shot, which was a very small segment of the market and potential production. To give you an idea of what this represented: in 1952 over 4 Million automobiles were registered in the U.S.; of that total, a little over 11,000 were sports cars.

During the early 50's, Alfred Sloan and Harley Earl identified a growing potential for an American sports car. Some of that potential was identified by the fact that people like Briggs Cunningham were racing Cadillac coupes at the 24 Hours of LeMans and the interest in auto racing and performance was growing in the U.S.

There was an effort by independents to produce sports cars - the Allards, Muntz Jet, Kaiser Darrin, Scarabs, to name a few. But it took a combination of G.M. money, Sloan's vision, and Earl's design and styling talent, to really pull it off.

The Corvette was introduced at the Waldorf Astoria in New York City at the 1953 Motorama Introduction Showing in January. The prototype that was shown was fully drivable. In 1953, 300 Corvettes were produced - currently the whereabouts of about 225 of the cars are known.

The first production was in Flint, Michigan, and the first cars were primitive by today's standards: Side curtains, 150 H.P. Blue Flame six with three carburetors (the only V8's available were in Cadillac, Olds and Buick - much too heavy for the little car). Production in Flint ended December 24, 1953. Four days later production started up in St. Louis. Of the 300 cars produced in 1953, they were destined to be owned by high visibility customers such as Hollywood stars and sports stars. In all, only 183 cars were sold in 1953.

In 1954, sales picked up; the six cylinder engine had another 5 H.P. coaxed out of it; and new colors were added - Black and Sportsman Red, in addition to White. Other colors began to appear toward the end of the year, including Pennant Blue.

The 1954 was the first time a young engineer by the name of Arkus Zora Duntov had an opportunity to be involved with the Corvette. He "fixed" an exhaust problem that was causing stains on the body work. This was the beginning of a long love affair between Duntov and the Vette. As for the "fix", he lengthened the exhaust extensions!

1955, Ta, Da!! New life and horsepower, with the 265 C.I.D. V8, and three-speed manual transmission - a car that was based on the European competition flavor. In 1955, the new engine cut 0-60 times by 3 full seconds; top speed rose to 120 mph. Fuel economy and dependability also went up; plus it now had a 12 volt electrical system.

By the end of 1955, all was not rosy in the Corvette ranks - Thunderbird was competing with the Corvette and outselling it by a huge margin. CORVETTE WAS IN DANGER OF BEING DROPPED FROM THE PRODUCT LINE-UP! AHH, but it is not over yet. 1956 is another story - one that will continue in next month's CCCC Newsletter!

Dear Region Member,

Come and enjoy a great day of fun with your fellow region members.

During the afternoon hours we will have our "Las Vegas" style games with plenty of fun for everyone.

Then we will adjourn to our rooms to prepare for the evening's gala festivities: dinner, dancing, awards presentation, and our very own auction of prizes.

Each guest will receive \$1,000 in "funny money" chips with the price of the banquet ticket, with the possibility of earning more at the games.

For those experiencing "some" losses, we will have plenty of additional chips for sale.

In addition to the games, we will once again have our 50/50 drawing for money and prizes.

Be sure to put March 21, 1998 on your calendar. Last year we had a terrific turnout of 105 people (all of whom had a great time) and we would really like to expand our party to include you!

If you have any questions please contact Loretta Spinrad at (517)372-4380.
