Capital City Corvette Club News

VOLUME XXVIII- NUMBER 4 - APRIL 1998

Dear Members:

It's seems as though Spring has sprung, or is this just Michigan weather toying with us. With this beautiful weekend did anyone else get antsy to get their Corvette out of storage? Better yet, did anyone actually get their Corvette out of storage.

Once again the Region Banquet went well, thanks to the work of many CCCC members. In addition to the usual Region Awards, our own Loretta Spinrad received a special award for her time and commitment at the Region level. As you may already known she stepped down from her Region position this last year to serve at the National level as editor of *Blue Bars*. Speaking as editor of our local club newsletter and having taken a close look at the national newsletter, all I can say is, "Loretta, are you crazy!?" But seriously, congratulations Loretta on your award, and I know you will do a wonderful job as the new editor of *Blue Bars*.

If you haven't bowled that 300 game yet this season, you have an opportunity to try on Sunday, April 5th as we once again meet with JCC for our annual bowling challenge. See the enclosed flyer for details or call Phil.

Gloria Reiffer will be confirming the final head count for the WKAR TV-23 Auction at the April General Membership Meeting, so if you aren't going to be at the meeting, please give her a call. For more details, see the enclosed flyer.

The Holt Auto Sales Open House is also fast approaching and scheduled for May 2nd. This is a great event to meet other people interested in Corvettes and also to recruit new members for our club. So drive your Corvette over and take a look at the new and improved Holt Auto Sales.

Finally, if you would like your article printed in the May Newsletter, the deadline is Wednesday, April 22nd. Please address your articles to Christine Krisztian, 4600 Oakwood Drive, Okemos, Michigan 48864 or call 517/347-6701 to make other arrangements to drop off your article.

Happy Easter!

Chris

MEETING NOTICE

The April General Membership Meeting will be held Wednesday,

(4105 North East Street, Lansing)
DINNER ORDERED AT 7:15

from the president . . .

April 1998

Loretta Spinrad

Thank You! Everyone was great!

The Region Banquet was a wonderful success and I truly want to thank all of those members that were able to help. You did a wonderful job as usual and I am truly grateful. Putting the hard work aside, I hope you had a good time. It is safe to say you did, I promise I won't volunteer us again (well at least not for a while - HA!HA!).

Now that we have survived this event, it is time to move on to our next adventure(s).

Phil has arranged for this year's bowling to be held April 5. Remember, being a good bowler is not required. It would be helpful (in order to hold the rest of us up), but not required. We would really like you to come out and enjoy the fun whether you bowl or not (2 points).

We are also committed to help with the WKAR Auction April 18th (2 points). Please remember to wear your club shirt.

The Holt Open House will be held May 2 at 12:00 noon and volunteers will be appreciated. If you have your Corvette out of storage, which I am sure you will, be sure to drive it. Also, a club shirt is a must.

I have made arrangements for us to visit the Tamarack Apts. May 16, 1998 for Bingo and a Social Hour. We will need volunteers to help with bingo and desserts. The club will fund the bingo equipment, ice cream, and some prizes. We would really appreciate any items that you may wish to donate for game prizes. The residents are elderly and are looking forward to having us so your participation will be appreciated.

We will also be attending the Charlton Park Car Show May 17, the Marshall Parade, May 25, and don't forget Kalamazoo's speed events May 25.

I have made arrangements with Downings for the Mackinaw Weekend, August 28 - 30. I will be planning a caravan from Lansing the morning of the 28th arriving in Mackinaw City in time for lunch. I have blocked 10 rooms at the rate of \$75.00 per night for both nights. You will want to call and make your reservations early. Be sure to tell Mrs. Downing you are with the Capital City Corvette Club. (616-436-5528)

On a sadder note, Dawn and Bob Metzger will be leaving us soon. Dawn is employed with Ameritech and you probably know the office in Lansing will be experiencing a major reduction in work force. Unfortunately, Dawn is one of the employees that will need to relocate to remain with Ameritech. While we wish Dawn and Bob the best, we will miss them. Not only will we miss them, our club will have two vacancies on the Board.

We will be accepting nominations for Secretary and Points Director at the April Meeting. If you would like to be more active in the club and participate as a Board Member, be sure to seek nomination. We will be voting at the May Meeting.

As a reminder, the May meeting will be our annual club mini-rallye. We will meet at Richards at 6:00 p.m. with the first car off at 6:15 p.m.

Once again, thank you for your help with the Region Banquet and congratulations to the Dodsons for winning the 50/50 raffle. You lucky dogs!

Loretta contacted the Huron Valley and Kalamazoo Clubs and neither of them are able to help sponsor the Stanton Drags. OFFICIAL CORVETTE HISTORY

*SUBMITTED BY: Dennis O'Hara
March, 1998*

WELL...Spring is finally here and we are all closer to getting the Corvettes out of storage and back on the road again. After all, that's what it is all about: Warm weather, sunshine, the open road and your Corvette!

During the past couple of months, we have covered a lot of information and history of the product (the Corvette). This month, I would like to introduce you to some of the people that were involved in creating, growing, and keeping the Corvette alive.

Not all of these folks were G.M. employees. In fact, many of them were enthusiasts that raced in various parts of the country and the world and introduced the performance capabilities of the Corvette.

There was a group within G.M. that was dedicated to the growth of the Corvette. These visionaries consisted of stylists, engineers, marketing managers, product development specialists; all the way up to the top executives in Chevrolet.

Early on, in the 1953 through 1955 models, the Corvette was not viewed as a high performance vehicle; but the styling and newness of the concept got it off the ground.

In the beginning, the use of fiberglass was a huge decision. A little known fact is, a company that manufactured reinforced plastic bread trays was the company that started making parts for the first Corvettes. This small company was in Ashtabula, Ohio. Also at this time, Owens Corning was interested in helping as well. Robert Morrison and his company, MFA, were the first producers of the 300 sets of body panels for the first Corvettes.

Thomas Keating, Chevrolets' General Manager, and Harley Earl, were the two people that brought the Corvette into existence and had its first showing in New York City.

Harley Earl, within General Motors, had a major impact on styling and, ultimately, product planning. As G.M.'s Vice President of Styling, he had a big interest in international racing.

Onto the scene came a new Chief Engineer named Ed Cole, and a chassis expert, Maurice Olley, that directed the development of the first Corvette chassis.

These efforts, coupled with the styling expertise of Bob McLean and Duane Bohn Steadt, all moved toward the target. The only thing they were not able to achieve was to have a V-8 in the Corvette at introduction. Everything in the G.M. inventory was too big and bulky to meet the design parameters. So the "Blue Flame", six cylinder engine with performance modifications became the power plant of choice.

Thus the beginning, the launch in 1953 with 300 production Corvettes, was destined to end up in the hands of notable people, such as the movie stars and athletes.

Well, this covers who and how it got started. Next month will get us to the folks that enhanced the image and made them go fast!

Until next month, remember "SAVE THE WAVE".

Budget is tight due to little to no increase in the membership. 13,000 members last year and this year.

Trying to grow dollars in interest-bearing accounts.

Finance committee is pleased with charity contributions.

COMPETITION

There is a proposal for wheel-to-wheel racing. Results of this will be discussed at the April '98 Governor's meeting. Otherwise, there are minor rule book changes.

A calendar of events will soon be published, listing "Key Event Weekends", ie., State Parks, etc.. When there are 50 or more Corvettes, they will be provided special areas for the cars.

DREAM AND DRIVE

Dream and drive is up in the air, but is being discussed. There was some talk about VSI "Ride of your life" program.

NCCC ON INTERNET???

We are close to getting a page on the Internet, but there would be a problem with using www.NCCC.org because there are about "6,000" Chiropractic organizations that come up under that address.

SCHOLARSHIP PROGRAM

Applications are available from Rose Schmidt. They must be completed by May 1, 1998. Clubs are encouraged to donate to scholarship fund.

The youngest future Corvette owner was 1 day old. A new book for future Corvette owners was shown, selling for \$13.50 at the Governor's meeting.

CORVETTE MUSEUM INCREASING INCOME

The National Corvette Museum has had a \$500,000 increase in income is starting to pay back on interest.

AMERICA'S CORVETTE SHOW

A new event, called "America's Corvette Show" is scheduled to take place in Joliet, Illinois, June 11th through June 14th at the new Route 66 Raceway. WKAR TV-23 Auction

The club has expressed an interest in working at the **WKAR TV-23 Auction**. So far 24 club members have volunteered to help! Our shift is from 5:00 - 8:30 on Saturday, April 18. We would like everyone to wear their blue club shirts if possible. If you don't have a club shirt, try to borrow one or wear another shirt with a Corvette on it.

Plan to arrive at the Communication Arts Building by 5:00 p.m. It is located on Red Cedar Road at Wilson. Red Cedar Road is at the first traffic circle that you come to when driving east on Wilson. Follow the circle to the right and turn at the first corner. You may park directly behind the Communication Arts Building.

You will be sitting at narrow tables on metal folding chairs for about three hours. During that time, you will rotate through the phone bank so that you will have the opportunity to work on the busiest phones as well as those that are less busy. All volunteers must be age 18 or older, be able to hear under noisy conditions, and should be able to write or print legibly.

You will get one or two breaks for dinner or snacks and to stretch your legs. Coffee and pop are available at all times at no charge. During our shift, a meal will be available for \$4.00 per person. These meals are catered by local restaurants. We will eat in shifts so that phones are covered at all times.

W K A R has spots available on other nights too. Contact Carol Welch at WKAR if you would like to volunteer for additional shifts in many areas including the phone bank, confirmation call backs, and staging.

Please let Simon or Gloria Reiffer know *immediately* if your plans have changed. We will be turning in a list of those working at the Auction by April 8th. Our phone number is 882-1660.
