Members participating in 2014 events ~ More fun to come in 2015!

From Our President

As the old saying goes: “April showers bring May flowers”. April also brings warm walks outside, spring cleaning, and (best of all), the beginning of our Corvette driving season. That includes washing, waxing, and detailing it; putting insurance back on it; and making sure it is properly registered and licensed.

Although probably very wasteful, I liked it when license plates changed each year. I remember when Michigan license plate colors represented our state’s university colors: 1954 was maize on blue for the University of Michigan, 1955 was white on green for Michigan State University, etc. Let’s also not forget our 1976 Red, White, & Blue Stars & Stripes Bicentennial plate. It won “best new plate” honors from the Automobile License Plate Collectors Association (ALPCA), and is still a favorite. Did you know our current “Mackinac Bridge” plate also took “best new plate” honors – for the whole world? How proud are we!

Some people who own cars that are at least 26 years old decide to put a historical plate on their cars. Even more fun -- using an actual Michigan license plate the same year as the historic vehicle’s model year. The historical plate only costs \$30.00. The authentic plate is \$35.00. Both are valid for 10 years. An even better financial incentive to go this route is the annual savings on insurance costs. If a vehicle has such a plate, the Michigan Catastrophic Claims Association (MCCA) assessment is reduced by 80%. Considering the current assessment is \$186.00 per car, that’s a huge savings. Does this all sound too good to be true? Maybe. Going the historical/authentic plate route has its drawbacks. The vehicle must be owned “solely as a collector’s item” – the Secretary of State’s words, not mine. Registering a vehicle with one of these plates severely restricts your motoring privileges. It can only be used for events such as “historical club activities, parades, and car shows”. It cannot be used for “routine transportation”. The one exception to this – during the month of August, the vehicle may be driven anywhere in the state without restrictions. That’s great, but it’s only one month of our driving season.

So before you make the decision to relinquish broad-based licensing privileges for your older Corvette, ask yourself if you are ready to sacrifice taking a spin around town on a warm day, or enjoying a one-on-one mini-cruise with your grandchild. Being allowed to drive your older Vette when and where you want to may be worth the additional licensing and insurance costs.

In any event, spring is here. Let’s get out and have lots of fun with our club this year. And, remember to save the wave.

Sandy Bechtel

News for Members

Editor’s Notes:

March has been a slow news month for Corvettes. *Corvette News* featured a race between two seriously modified 800 HP C7’s. One with a twin turbo automatic and the other with a supercharged 7 speed manual. The twin turbo took the day. The manual trans was hampered by traction issues

No tech tips for the April newsletter. Plenty of flyers of up coming events this month. Don’t you just love the Spring!

Be sure to sign up early if you want to attend the Low Speed Driving School. There’s only space for 25 drivers. The entry form is in this newsletter.

Drive safely. *Editor*
