Although winter is still upon us, the recent high temperatures sure have been great and remind us that Spring is not far away. The mid-engine corvette appears to be a sure thing for 2019. Many spy photos are out on the internet. Here is a link to a YouTube video with the latest info called, [2019 Chevrolet Corvette C8 Secrets Revealed](https://www.youtube.com/watch?v=KNhTTPOvgZg). A hybrid C8 with electric motors powering the front wheels is rumored. GM has trademarked the name E-Ray.

(<https://www.youtube.com/watch?v=KNhTTPOvgZg>)

I went out to the garage where my vette is stored this past warm day and started her up. Wow, it was nice to sit behind the wheel. Visions of hitting the road went through my mind. I sure am ready for Spring - and what an event-packed year we have in store. Stay informed by checking our website cccorvette.org and *The Connection* newsletter for upcoming event details.

My son-in-law and I went to the Detroit Auto Show in January in hopes of seeing the mid-engine corvette prototype; no such luck. However, there was a nice Z06. This year seemed more focused on pick-up trucks and SUV's. I understand that, since that is what is selling, but a C8 prototype sure would have been nice to see.

I hope you all have made your plans for the NCCC convention in Bowling Green, KY. The main hotel is booked, but the overflow hotels still have rooms. One of our members emailed a very nice description of the events in store for the week. Oh, an added special event: a total solar eclipse, visible in portions of Kentucky, will be visible in Bowling Green on the Monday of the convention at 1:27 am CDT. Bring your special dark glasses if you plan to view. See you there!

Save the wave,

Jerry

Tech Tips

Bringing Your Car Out Of Winter Storage

As you itch to get your car out this Spring, here is a checklist to go over before taking them out of hibernation.

Inspect Battery - The most important item to check is the condition of the car's battery. Check to see that the battery is fully charged. Do not attempt to start a stored vehicle with a half-drained battery. And don't boost it. There's nothing worse than trying to crank a cold engine for the first time in months with a weak battery.

Test Engine Oil - Pull the dipstick to see if there is adequate oil in the engine and add if needed. This oil is now old and should be changed at your earliest opportunity, even if you changed it just before storage. Don't skip this step. Fresh oil is cheap insurance for the health of your engine.

Examine Other Fluids - Check the fluid levels for coolant, power steering, brakes and fuel. Did you put fuel stabilizer in the tank before storage? If not, add octane booster and get high-octane gas in the tank. Old gas will make the engine run rough so adding fuel stabilizer is an important precaution prior to storage.

Perform a Visual Check - Look in the engine bay and under the car for signs of fluid leaks. Observe the electrical wires and hoses, looking for cracks and deterioration. Take a screw driver/wrench to the various clamps that make up the fuel system to ensure that they are tight. Look for signs of unwanted visitors like mice who are notorious for chewing electrical wires.

Check Tires - Check tire pressure and correct as necessary to bring to the suggested PSI rating indicated on the sidewall. Look for cracks and bulges in the rubber.

BOWLING GREEN IN '17

Bowling Green, KY
August 21 - 25, 2017

We are excited to have the 2017 NCCC Convention in Bowling Green, Kentucky, August 21 through August 25, 2017. If you have not had the opportunity to visit the Bowling Green area you are in for a treat. We have the National Corvette Museum for you to visit and enjoy along with the new Motorsport Park for our speed events. We will have the Competitors Award Dinner, the National Awards Dinner, the Convention Awards Breakfast, parties, entertainment and all the competitive events you have come to enjoy at Convention.

We will also have several bus tours that will include Mammoth Cave, Bourbon Country, Barbara Mandrell's home, Fontanel, Gibson Guitar, a tour of historic Glendale, with antique malls and the historic Whistle Stop restaurant, a tour of Nashville on the "Country Music Jamboree" and as an added bonus a total eclipse of the sun on the 21st of August.

Our host hotel is the Holiday Inn and Sloan Convention Center with additional rooms available at both the Marriott Courtyard and Hilton Garden Inn which are both located across the street from the Holiday. Parking for trailers is available in the lots at either end of the Holiday Inn and Sloan Convention Center.

We are working to have Convention registration available on line on the National Council of Corvette Clubs web site, <http://corvettesnccc.org/Convention2017.html> Registration is planned to open on January 2, 2017. This year you will have to register for your hotel rooms separately and that information will be available with the Convention registration form. Also if you are planning to tour the Corvette assembly plant, they will not be available this year at Convention. The Corvette Plant no longer handles plant tours, this is all scheduled and led by the Museum staff.

We'll leave the light on for you!

Deb Murphy

2017 Convention Director

We would like to encourage you to attend the NCCC convention this year. It is just a day's drive away in Bowling Green, Kentucky. The convention hotel is full but some CCCC members have registered at the Hilton Garden Inn and at Courtyard by Marriott. Other suggestions are mentioned in the online reservation instructions.

This is a chance to see the top NCCC competitors race on the new NCM Motorsports Park track, or drag racing at Beech Bend Raceway Park. You can sign up to participate in a rallye, funkhana, car show or one of the many tours being offered. There is a hospitality room open each afternoon and a party every night. You can find the current schedule at <https://www.corvettesnccc.org/2017Convention/convention2017Schedule.pdf>

At least 4 CCCC couples are already registered! See Simon or Gloria if you have questions about the convention.
