CCCC Members,

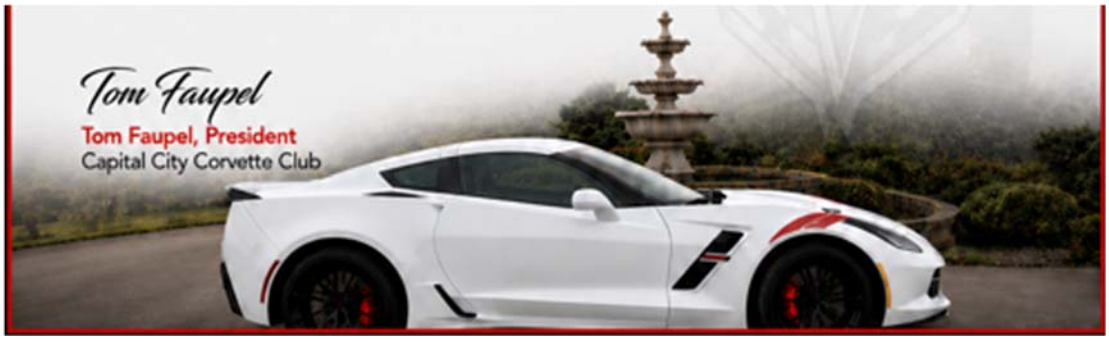

What an incredible weather month October has been! We had a great fall color tour with 42 cars in attendance. Thank you to Mike Saxton and Casey Mulvany for coordinating and leading the trip. Our annual Bingo event at Delta River Senior Village was another successful event, and the residents were extremely appreciative and really enjoyed getting to see some of our members Corvette's. Thank you to Michelle Faupel and all those who contributed prizes, food, or helped run the bingo games.

I hope you were able to get out and enjoy some of the nice weather we have been having. If you are like me the car has now been put away for the winter. That was a sad day for sure, but we have a lot of memories having put over 11,000 miles on the Corvette during the summer, which will keep us excited for warmer days ahead.

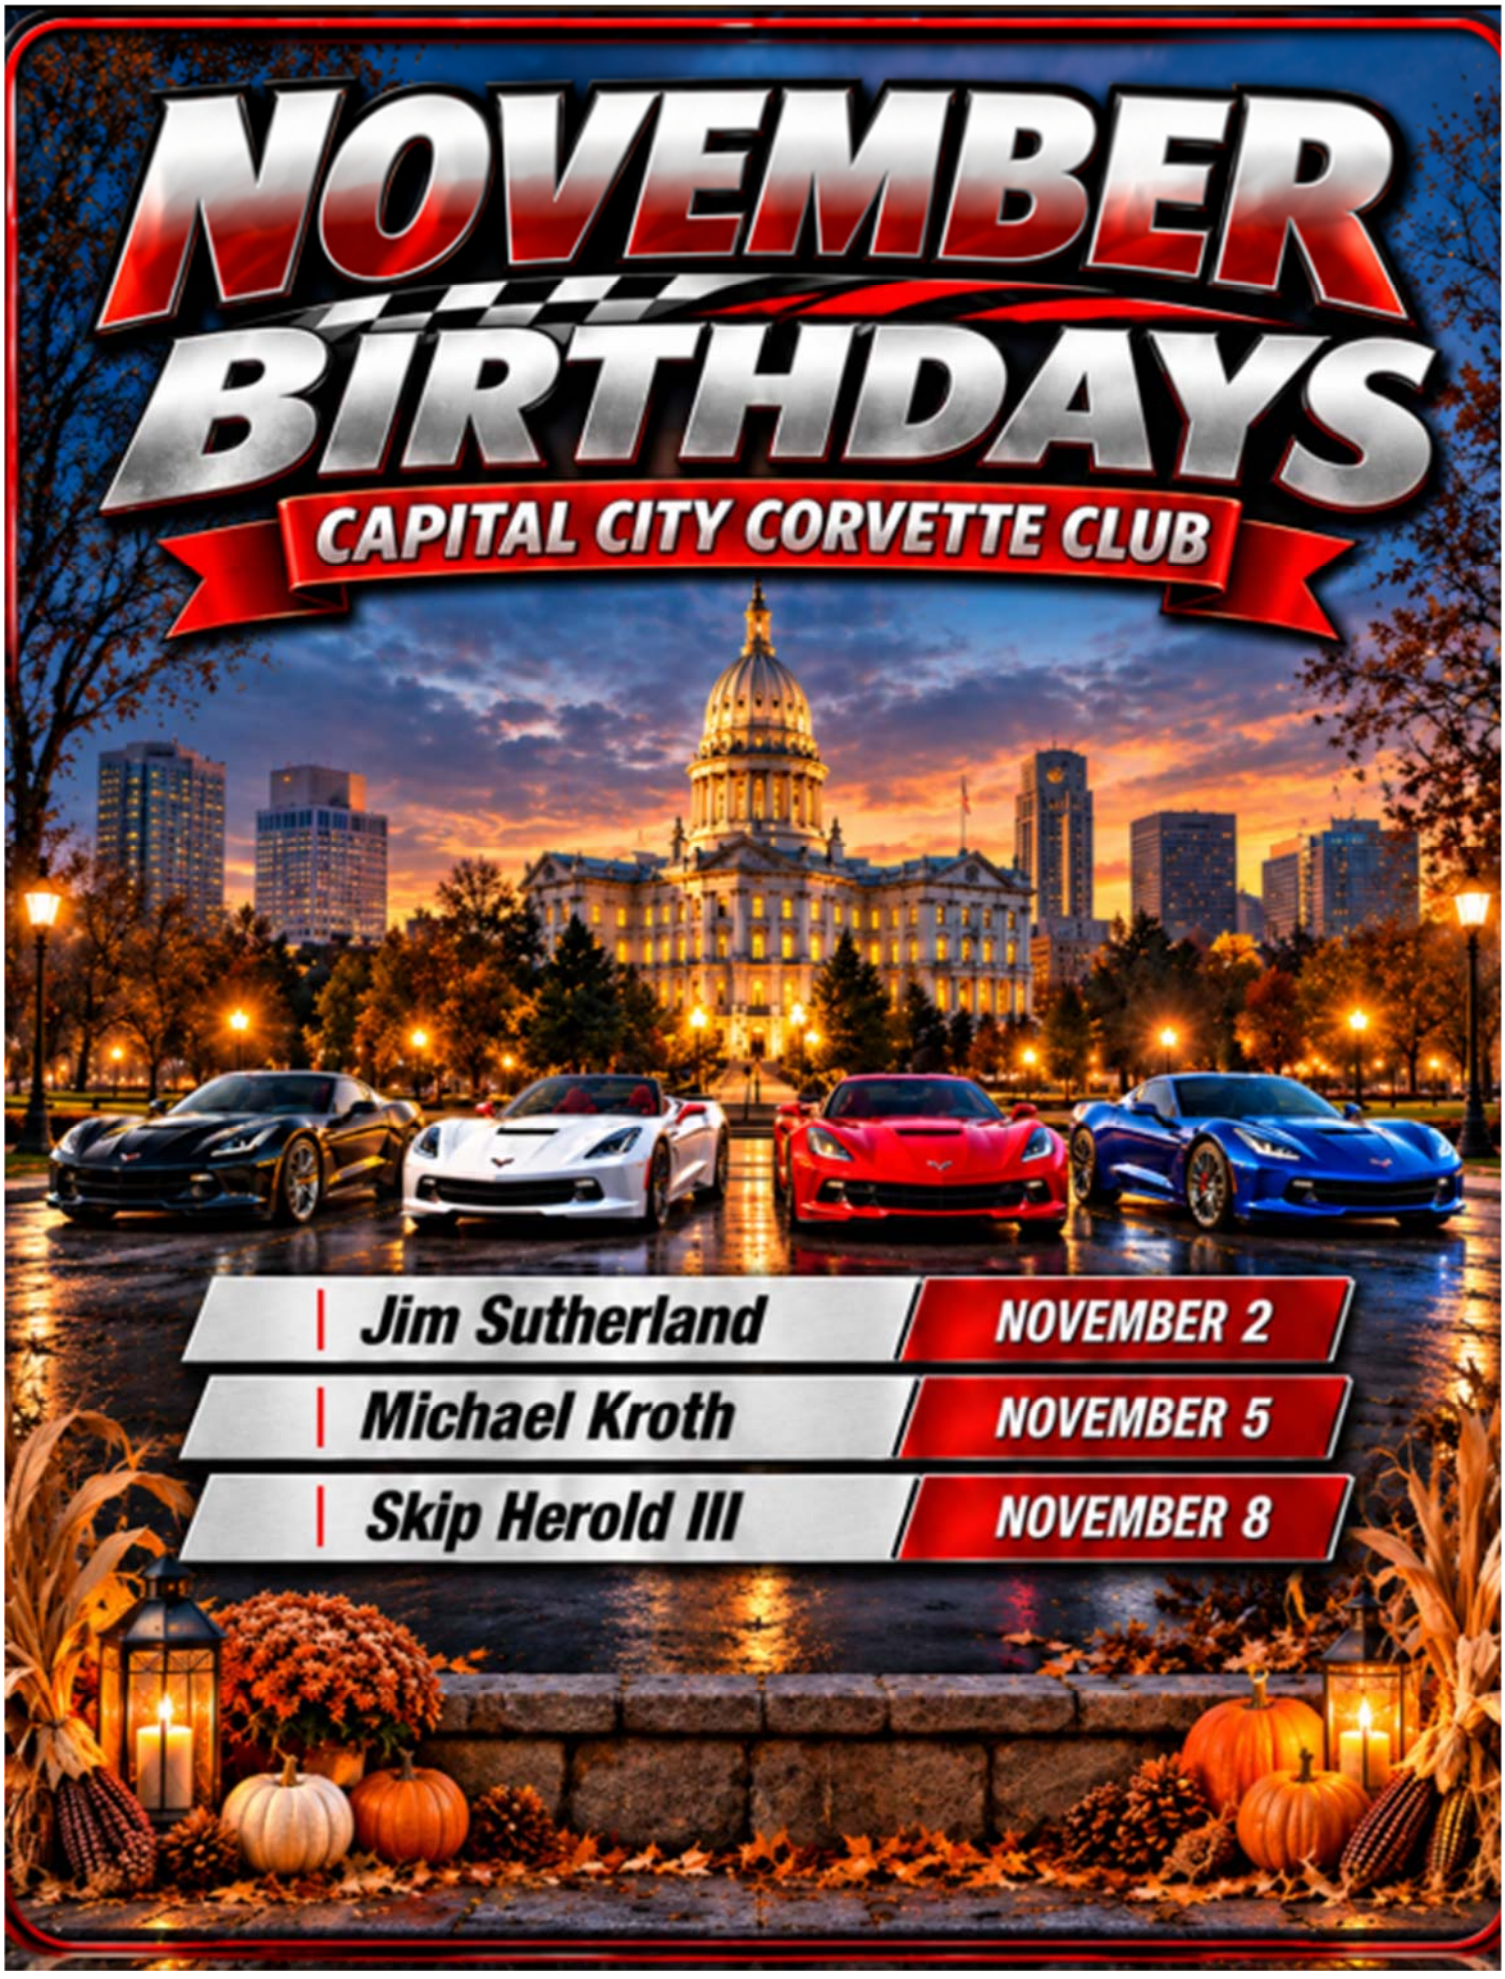

Even though the car is put away it does not mean the Club is done for the year. November 7th is the Fall Friendsgiving Friendzy in Charlotte, December 5th is the Annual Toys for Tots Drive at Adado's Trailer Sales, and on December 12th we have the Annual Club Christmas Party. Please mark these dates on your calendar and plan to join in on the fun.

If you have not already done so, make sure to renew your membership by November 4th. As a reminder this month's Membership Meeting will be held at City Limits in Mason, as we continue to look for a new meeting location. We will be holding the election for the 2027 Board positions at the Membership Meeting so please plan to attend.

Stay safe, and I look forward to seeing all of you soon,

November2026

Members,

As our competition season winds down, there is still plenty happening within NCCC at the regional and national levels.

We discussed eight proposed NCCC bylaw amendments at our October membership meeting. I encourage everyone to review them and share your thoughts. These decisions affect how our organization operates, and your input matters.

Regional realignment is also an ongoing discussion. With Ohio and Indiana declining the proposed changes, Michigan Region is considering its options. There are still questions to answer, and I'll continue making sure Capital City's interests are represented.

National leadership elections are approaching as well. I've had opportunities to speak with candidates about NCCC's future, and I hope to see continued focus on communication, member involvement, and growing our organization.

October wasn't all meetings and organizational business. Between the Funkhana, Kim Rules! Autocross, and Great Lakes Rallye, there were plenty of opportunities to enjoy our Corvettes and spend time with friends.

Speaking of the Great Lakes Rallye, our video of 45 Corvettes rolling out reached over 4,000 views on Facebook! That's a lot of people getting a look at what Capital City is doing, and hopefully encouraging a few more to come join us.

As always, if you have questions, concerns, or ideas about NCCC, please reach out. I'm here to represent Capital City, and I want to hear from you.

Remember to Wave,

Kyle Felts

Governor, Capital City Corvette Club

BINGO AT DELTA RIVER

October 24, 2026

A Little Time. A Meaningful Connection.

Thank you to everyone who joined us for bingo at Delta River and helped make the visit possible. Sharing our time and enjoying the company of the residents is a wonderful way to put our club's spirit of service into action.

Our Corvettes may bring us together, but opportunities like this give us another reason to be proud of the people in our club. We appreciate everyone who took part and helped support this community event.

Thank you for making time for others.

LETTER FROM THE EDITOR

Putting the Cars Away, Keeping the Ideas Moving

There is something about that last drive of the season. We watch the forecast a little more closely, take the longer way home, and wonder whether we can squeeze in one more afternoon before Michigan weather makes the decision for us. Eventually, the car is washed, the battery tender is connected, and the garage grows quiet.

But before we pull the cover over another driving season, it is worth asking: What will we remember most about this year?

For me, the answer goes beyond the cars. It is the conversations at a stop, the laughter over a meal, the people who made sure nobody got left behind, and the volunteers who quietly handled the details so everyone else could enjoy the day. Our Corvettes give us a reason to gather. What happens after we arrive is what makes this a club.

That is also what makes the months ahead valuable. With fewer miles to drive, we have some room to think about where we want to go together in 2027.

A memorable year begins well before the first spring cruise. It starts when someone suggests a destination, offers to organize a lunch, finds an opportunity to serve our community, or invites another Corvette owner to join us. The calendar may look like a list of events, but behind every entry is a person who decided to make something happen.

Imagine what we could build if each of us contributed one thing next year. One idea. One helping hand. One introduction. One willingness to take on something we have always appreciated someone else doing.

That contribution does not have to be elaborate. A casual drive and a good place to eat can become a favorite memory. Helping with a single event can give a longtime volunteer a welcome break. Sitting beside someone you do not know well can be the beginning of a friendship. Small efforts have a way of reaching further than we expect.

As we look toward 2027, I hope we ask ourselves two questions: What would I enjoy seeing our club do, and how could I help bring it to life? Together, those questions can turn a good suggestion into something we all get to experience.

Thank you to everyone who gave their time, shared their photographs, welcomed a member, supported a charity, or simply showed up this year. You gave the Capital City Corvette Club its character and made the season worth remembering.

Enjoy the memories as you put your Corvette away. Then give a little thought to the memories we have yet to make. When the garage doors open again, let's have more than clean cars ready for spring. Let's have a year we helped create.
